Maureen Giordano	

Inspection Information			
Inspection Type	Inspection Date		
Follow-Up	05/22/2024		

Violations
2) Sanitary Practices Observation: Paper towel rolls, toilet paper rolls, and egg cartons being used for arts and crafts. 5/22/24 - conducted a follow up inspection and paper towel holders are still being used for crafts. Discontinue all toilet paper, paper towel rolls and egg cartons in crafts. Corrective Action(s): Do not use these items for crafts. (Repeat)
3) Safety Observation: Girls restroom hand sink #27 at 125 degrees F. 5/22/24 - conducted a follow up inspection. Hand sink #27 was at 127 degrees F. Water must stay between 100-120 degrees F in order to prevent burns. Corrective Action(s): Maintain kids hand sink between 100-120 degrees F. (Repeat)
3) Safety Observation: Boys bathroom #19 hand sink at 80 degrees F. 5/22/24 - conducted follow up and bathroom #19 hand sink is at 78 degrees. Hand sinks for kids must be between 100-120 degrees F. Corrective Action(s): Maintain kids hand sinks between 100-120 degrees F. (Repeat)

Comments

- Both hand sinks are still out of temperature. Make sure that hand sinks #19 and #27 are between 100-120 degrees F. I would recommend calling a plumber and/or installing a mixing valve on the two sinks, as all the other sinks are in proper ranges, and not messing with the water heater.
- Discontinue use of paper towel rolls, toilet paper rolls, and egg cartons in crafts. Since the paper towels and toilet paper are found in the bathroom, they could be contaminated. Since eggs can carry bacteria, egg cartons may not be used in crafts. Brand new egg cartons that have never held eggs and are intended for crafts, may be used instead.
- A repeat follow up inspection will be conducted once violations are corrected, or within 2 weeks of today's inspection date. There will be a \$100 fee charged for this repeat follow up that will be billed to you following the inspection.

Failure to make corrections shall result in denial, suspension, or revocation of your license.

All critical violations shall be corrected within 10 calendar days. An extension may be granted if the corrective action cannot be completed within 10 days. All extensions must be in writing. Repeat violations requiring additional follow-up inspections may be subject to a **\$100.00** reinspection fee.

Person in Charge

Inspector

Madison Bell, EHS
